# We are a child-centered Montessori School.

At Bay Grove Montessori School, formerly known as Sweetbay Montessori School, we cultivate independence, self-confidence, leadership, and innovative thinking in an **authentic** Montessori environment.

As a Montessori School, Bay Grove focuses on the education of the whole child.

Bay Grove blends quality academics with practical life experiences. Our students engage in language(s), mathematics, geography, geometry, physics, as well as botany, art, music, cooking, nutrition, and self-care activities.
